

ADDITIONAL SUPPLEMENTARY REGULATIONS 2014

Kart & Driver Livery

You will be required to carry mandatory livery on your kart, race suit and helmet. They must be applied in their normal landscape position. These must be in place at all times during official practice and racing. Damaged stickers must be replaced and will be available. Any livery in conflict with Maxxis Tyres or Formula TKM must be removed or covered. No cigarette advertising is permitted. Failure to carry the required branding can result in no points being scored.

Kart Stickers - One Championship sticker should be fixed to the front panel just above or below the number plate. The other should be applied on the top of the rear number plate so it is clearly visible from behind.

Race Suit

A TKM cloth badge must be sewn onto the front upper chest area of your race suit and attached the right way up and in a horizontal position.

Transponders

Drivers will be expected to provide their own transponders and holders. If you do not have a transponder you may be able to rent one at the event but you must arrange this with the club prior to the meeting. Hire will be at a cost for the weekend plus your licence will be held until the transponder is returned. Your transponder must be used at all times and you must have a transponder holder mounted in the correct position. **Please ensure that your transponder is fitted for official practice.** Hired transponders must be returned at the end of the meeting. Failure to do so will render the driver liable to paying for a new one at approx £200.
